About Outpost Drive:

Outpost Drive is an independent country duo based between England and Alabama, known for their heartfelt storytelling and dedication to traditional country and folk music. The married duo, composed of Mary Bragg Robinson & Willow Robinson, draws inspiration from classic country and americana music legends while infusing their own fresh sound. They are currently living on the farm Willow grew up on in rural England recording their debut album when they're not on the road playing gigs. Life on the farm has deeply influenced their music; it allows them the space to songwrite and record while remaining connected to nature. With their new single, “Country Revival,” which was fully self-produced at the farm, Outpost Drive celebrates the resurgence of classic country and its timeless tales.

Press Quotes:

“Outpost Drive: Where British Folk Meets American Country in a Harmonious Journey” - Babystep Magazine

“These two voices going together is a bit of a swoon I think! Very much here for the deep south kind of indie folk they’re going for.” - Emily Pilbeam at BBC Radio 6

“Their voices compliment each other impressively, and when they come together the vibe becomes anthemic. Their sound combines the candid emotion of Shovels & Rope with the polished brilliance of Fleetwood Mac, and an acoustic pop sensibility akin to Noah Kahan.” - The Wild Is Calling

“Outpost Drive's music is not just about blending genres; it's about telling stories that resonate with listeners from all walks of life. Their performances are known for their emotional depth and authenticity, drawing audiences into their world. As they continue to tour and release new music, Willow and Mary remain committed to exploring the intersections of their musical heritage, creating a sound that is both timeless and refreshingly contemporary.” - Country Music UK

“With Willow’s roots in the English countryside and Mary’s heritage from Alabama’s deep South, their music weaves together the essence of British Folk Rock and American Country.” - Babystep Magazine
